RE: M/039/013 B&C Limestone Quarry
ML 48949/ML 50575/ML 51303
Bryce H. Haas, Central Utah Stone

Dear Mr. Baker,

Bryce H. Haas, Central Utah Stone, opened and operated the B&C limestone quarry upon state trust lands in Sanpete County under the above numbered mineral leases ("ML"). All of the leases are now expired or cancelled. Mr. Haas repeatedly failed to honor his commitments to reclaim the mined lands. On August 24, 2009, the Director of trust lands approved forfeiture of reclamation bonds associated with this mine site; and that notification be given to the Division requesting enforcement action.

During the past year I have informally corresponded with the DOGM minerals group in this matter, but the B&C limestone quarry is yet to be brought to justice under state law. Besides being an eyesore upon state trust lands, the B&C limestone quarry contains numerous hazardous to the public health and safety. We believe that the Division and Board of Oil, Gas & Mining should immediately take action to forfeit any and all reclamation bonds associated with the B&C limestone quarry and initiate reclamation of the site. Toward this end I am hereby submitting a formal request to the Division, along with a series of pictures detailing the current blighted conditions found at the site. Your prompt attention to this matter will be greatly appreciated.

Sincerely,

John T. Blake
